# Model Driven Architecture Executable Uml

**software engineering (process models)** - prescriptive process model • defines a distinct set of activities, actions, tasks, milestones, and work products that are required to engineer high-quality software  
**specification and description language (sdl)** - specification and description language (sdl) definition  
specification and description language (sdl) is an object-oriented, formal language defined by the international telecommunications union- **hp system software mgr** - 5 using ssm figure 2 shows the ssm architecture, with an administrator console maintaining software updates in a file store for distribution to one or more managed clients. © **extracted with permission from bpmn 2.0 handbook ...** - f. oxford. 8. so, in the end, bpmn 2.0 had to accommodate and harmonize the needs and interests of three constituencies: one group thinking about executable bpmn, **hey buddy... don't worry... here is some useful stuff from ...** - webfocus anatomy... nothing nothing... jus to say following are the organs of webfocus... the webfocus server and client are like heart and lungs of webfocus architecture...
